Proposal of Ecommerized:

OUTSOURCING PLAN

Initially, we plan to outsource the marketing team from other parts of the world. Only the sales team will be based in Japan.

But Why?

Better work force:

- We already have an **office in Bangladesh**.
- We are planning a new one in Pakistan.
- Both countries have a strong base of digital marketers.
- With **overlapping working hours**, they can provide round-the-clock support.
- Since Ecommerized already operates in Bangladesh, the **team is well-trained**.

Better profitability

- Lower costs by outsourcing to Pakistan & Bangladesh.
- **Higher revenue** from Japan's developed market.
- Offer premium services at competitive prices.
- **Easy to scale** without heavy local investment.
- More revenue + lower costs = **maximum profit**.
